

1966 Vox Pacemaker

This amp was one of the first amps sold in America under the Thomas Organ distribution deal but was built in UK because it is all tube and the Thomas Organ amps were only solid state. It is a single channel amp with two EL84 tubes and 10" British Bulldog Gold speaker, tremolo and the volume only goes up to "8".

Unit comes in road case with original Vox clam shell tremolo foot switch.
Rental: \$25 per day / 4 Day week.
